

Środa, 18 września 2024 / Wednesday, September, 18		
Godz. / Sala	Hotel Hampton by Hilton - Sala Stello / Room Stello	Hotel Hampton by Hilton - Sala Suno / Room Suno
13:00-13:30		WORKSHOP: Occlusal diagnostics – methods for occlusion control. Digital Occlusal Diagnostics OccluSense®  Prof. Emilio Zanatta, Magdalena Okręt-Stochaj, Peter Bausch
13:30-14:00		
14:00-14:30		
14:30-15:00		
15:00-15:30	SEMINAR: Temporomandibular Disorders: embedding evidence-based guidelines into clinical practice	
15:30-16:00		
16:00-16:30	Prof. Daniele Manfredini	
16:30-17:00		
17:00-17:30		
17:30-18:00		

**DZIEŃ 1 – Czwartek, 19 września 2024 / DAY 1 - Thursday, September, 19**

Godz. / Sala	Scena Główna / Main stage	Mała Scena / Small stage	Sala Prób Orkiestry / Orchestra Practice Room
10:00-10:15	Introduction - Greeting participants		
10:15-10:30	OXFORD LECTURE: Optimal Occlusion in Harmony with Jaw Motion. Application of Digital Technology in Personalized Prosthetic Dental Treatments Prof. Takumi Ogawa		
10:30-10:45			
10:30-11:00			
11:00-11:15	Associations between bruxism and occlusion: a personal perspective Prof. Frank Lobbezoo		
11:15-11:30			
11:30-11:45	przerwa kawowa / coffee break		
11:45-12:00			
12:00-12:15	Bruxism as a muscle behavior: relationship with prosthodontics Prof. Daniele Manfredini		
12:15-12:30			
12:30-12:45			
12:45-13:00	Occlusion and TMD: insights in the invisible Prof. Marc Schmitter		
13:00-13:15			
13:15-13:30	dyskusja / discussion		
13:30-13:45			
13:45-14:00			
14:00-14:15	przerwa lunchowa / lunch	przerwa lunchowa / lunch	przerwa lunchowa / lunch
14:15-14:30			
14:30-14:45			
14:45-15:00	Occlusion analysis in dental treatment – when, what and how? Prof. Jan Pietruski	Re-enameling concept a biologic approach (BOPT) for crown restorations, back to the future with the feather-edge preparation, and cubic zirconia Dr. Marco Nicastro	Oral presentations Session 1
15:00-15:15			
15:15-15:30	Mechanical and Virtual Articulators in the New Era: The Role of Facial Scanners and Jaw Tracking Systems Prof. Guillermo Pradies	Occlusal errors in treatment planning with ceramic veneers Dr. Maciej Żarów	
15:30-15:45			przerwa kawowa / coffee break
15:45-16:00			
16:00-16:15	Revisit the concept of virtual articulator Prof. Jaeyoung Kim	How to choose materials for occlusal reconstruction Prof. Daniele Rondoni	Oral presentations Session 2
16:15-16:30			
16:30-16:45	dyskusja / discussion	dyskusja / discussion	
16:45-17:00			
17:00-17:15		Annual Business Meeting	
17:15-18:15			

**19:00-21:00 Welcome Reception - Pałac Branickich / Branicki Palace**

**DZIEŃ 2 – Piątek, 20 września 2024 / Day 2 - Friday, September, 20**

Godz. / Sala	Scena Główna / Main stage	Mała Scena / Small stage	Sala Prób Orkiestry / Orchestra Practice Room	Green Room
9:00-9:15	Relevance of Occlusion in Complex Prosthetic Rehabilitation Cases Prof. Norbert Enkling	Occlusion and Cognitive Functions Prof. Hana Hubalkova	Oral presentations Session 3	Workshop: Effective procedures for adhesive cementing in different clinical situations Dr. Maciej Mikołajczyk
9:15-9:30				
9:30-9:45				
9:45-10:00	Occlusion and Function in Oral Rehabilitations – new possibilities in the era of digital dentistry Prof. Albert Mehl	May botox application affect occlusion? Dr. Matteo Val		
10:00-10:15				
10:15-10:30	dyskusja / discussion	dyskusja / discussion		
10:30-10:45	przerwa kawowa / coffee break	przerwa kawowa / coffee break	przerwa kawowa / coffee break	
10:45-11:00				
11:00-11:15				
11:15-11:30	Outcome Driven Occlusal Rehabilitation: Going from Z to A Prof. Phophi Kamposiora	Zero to minimal-invasive treatment: The Prettau® Skin® technique Dr. Stefano Pieralli	Oral presentations Session 4	
11:30-11:45				
11:45-12:00	Staged extraction approach: Transition from hopeless dentition to full-arch fixed-implant-supported rehabilitation Prof. Eitan Mijiritsky	The role of bruxism in the prosthetic reconstruction of occlusion Dr hab. Aleksandra Nitecka-Buchta		
12:00-12:15				
12:15-12:30	dyskusja / discussion	dyskusja / discussion	dyskusja / discussion	
12:30-12:45				
12:45-13:00
